Korea

Korea has a 5,000 year history which is one of the oldest in Asia with a developed distinctive culture. It has been known as the land of the morning calm not only because of its pleasant and peaceful atmosphere but also for its beautiful natural scenery. These days Korea is one of the world's most technologically advanced countries. And because of its unique geographical location,

Korea is a very valuable piece of land and an international hub of Asia. Also, Korea has been selected as the host country of the G-20 summit which will be held in November 2010.

Jeju, Host Island

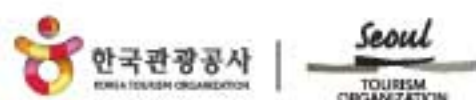

Jeju is an island of peace with fabulous cultural and natural settings. It is the largest island in Korea and a famous tourist destination & recreational city of Northeast Asia. Because of its warm weather and abundant tour spots filled with beauty, it is known as the 'Hawaii of Korea'. Numerous species of plants from polar to subtropical abound, making it a treasure trove of nearly 1,800 varieties. It holds rich under-ground resources and every kind of fish and coral in the clean blue sea.

Jeju is geographically at the heart of Northeast Asia at the crossroads of Korea, China, and Japan. It can be accessed from 18 major cities including Seoul, Tokyo, Beijing, Shanghai, Tianjin, Osaka etc., all within a 2 hour flight. Nationals from 180 countries are allowed visa-free entry onto Jeju.

Composite Materials : Key to the Future

| Host | The Korean Society for Composite Materials

| Key Deadlines |

Abstract Submission Open	→ August 31, 2010
Abstract Submission	→ January 15, 2011
Notification of Acceptance	→ March 31, 2011
Paper Submission	→ May 31, 2011
Pre-Registration	→ May 31, 2011

Invitation

Dear Colleagues,

It is a great pleasure to inform you that **the 18th International Conference on Composite Materials (ICCM18)** will be held from August 21st to 26th in Jeju, Korea. As one of the most highly acclaimed meetings in the field of composite materials, it takes place biannually in different countries all over the world, with the most recent ones being held in Kyoto, Japan (2007) and Edinburgh, UK (2009). I am truly glad to host such a big event on the beautiful Island – Jeju.

This year, the organizing committee has chosen “Composite Materials: Key to the Future” as the main theme of the conference, with a focus on the latest developments and trends, as well as the future outlook of the field of composite materials.

The organizing committee is gearing up for an exciting and informative conference program including plenary lectures, symposia, workshops on a variety of topics, poster presentations and various social programs for over 1,000 participants from around the world.

I hope you will join us at the ICCM18 and have a meaningful time with all the global scholars. All members of the ICCM18 Organizing Committee look forward to meeting you in Jeju, Korea.

Sincerely,

WOO IL LEE
Chairman of ICCM18

Call for Abstracts

The ICCM18 cordially invites you to submit abstracts for oral and poster presentations. All abstracts will be reviewed by the scientific program committee and assigned to the appropriate session for oral or poster presentations. Abstracts should be submitted online. **Online abstract submission will begin on August 31, 2010.** Please refer to the ICCM18 topics. ICCM18 is looking forward to the enthusiastic participation of global scholars from various research fields.

Key Deadlines

Abstract Submission Open	→ August 31, 2010
Abstract Submission	→ January 15, 2011
Notification of Acceptance	→ March 31, 2011
Paper Submission	→ May 31, 2011
Pre-Registration	→ May 31, 2011

Topics

include but are not limited to

Active and Passive Health Monitoring	Joints and Bearing Behavior
Applications of Composites	Life Cycle Analysis and Sustainability
Bio-inspired Composites	Low Cost Technologies
Biomedical Composites	Mechanical and Physical Properties
Carbon and Ceramic Matrix Composites	Metal Matrix Composites
Damage and Fracture	Multi-functional Composites
Durability and Aging	Multi-scale Modeling
Emerging NDE Technology and Reliability Issues	Nanotechnology Composites
Energy Technology Applications	NDE Technologies
Environmental Awareness and Life Cycle Analysis	Probabilistic Approaches and Design
Experimental Techniques	Processing and Manufacturing Technologies
Fibres, Matrices and Interfaces	Recycling
General Industrial Applications	Repair Technologies
Green Composites	Sandwich Technologies
Health Monitoring	Standardization
Impact and Dynamic Response	Structural Response and Design
Information Technology Applications	Technology Transfer
Infrastructure	Textile Composites
Interlaminar reinforcements	Wood and Paper

Sign-up Application

- Name _____ • Title _____
- Affiliation _____
- Country _____
- E-mail _____

* Those who would like to sign-up for the ICCM18, please fill out the form and send it to the ICCM18 secretariat by fax (+82-2-566-6087) or e-mail (iccm@iccm18.org)
